Washington, DC, May 4, 2009 – A new National Business Aviation Association (NBAA) workers' compensation insurance program is offered exclusively to NBAA Members as of May 1. The NBAA Workers' Compensation Insurance Program is underwritten by Phoenix Aviation Managers, Inc., and the program is administered by NationAir Aviation Insurance of Chicago.

“As our Members seek to reduce operating costs in today's challenging economic environment, we believe that this program will provide high-quality workers' compensation insurance at a reduced price,” said NBAA President and CEO Ed Bolen.

In addition to reducing the cost of workers' compensation insurance premiums for NBAA Members, the program benefits the organization itself. A small, but meaningful, portion of the premium proceeds paid into the program will come back to NBAA to fund its mission of assisting companies that rely on general aviation aircraft to make their businesses more efficient, productive and successful.

“We are honored to have been officially recognized by NBAA as the licensee to administer this money-saving program to the general aviation community,” said NationAir President Jeff Bauer. “After detailed discussions with NBAA and Phoenix Aviation Managers, we have been able to design a program that addresses the unique needs of NBAA Members.”

All NBAA Members that operate aircraft are eligible for this program, regardless of size or Member Category. This includes all flight departments, ranging from one- or two-person, to multi-aircraft flight departments, and policies cover everyone involved with a company's flight operation – pilots, maintenance technicians, flight attendants, flight department managers and aircraft operators. There are even provisions for companies who use contract pilots, contract flight attendants and other contract crew.

NBAA Member Companies that already have an aviation insurance provider can simply contact their current broker, who will be able to obtain the workers' compensation insurance through Phoenix Aviation Managers.

Interested aviation insurance brokers should contact Phoenix Aviation Managers. NBAA Members can learn more by visiting www.nbaaworkerscomp.com. Non Members can take advantage of this money-saving program by joining NBAA, and membership information is available at www.nbaa.org/Membership.

###

Founded in 1947 and based in Washington, DC, the National Business Aviation Association, Inc. (NBAA) is the leading organization for companies that rely on general aviation aircraft to help make their businesses more efficient, productive and successful. The Association represents more than 8,000 companies and provides more than 100 products and services to the business aviation community, including the NBAA Annual Meeting & Convention, the world's largest civil aviation trade show.
